PROGRAM**

Adopt an Artifact Program

Help Preserve Our Collections

Bollinger County Museum of Natural History invites visitors to explore the wonders of history and culture from around the world through our extraordinary collection of artifacts. Only a small portion of these artifacts are on public display at any one time, but the rest still need proper housing and care.

Now you can help the Bollinger County Museum to properly care for all the artifacts in its collection by “adopting” one of your own favorites. All funds raised from adoptions will support the preservation, storage, and management of our artifacts.

Adopting an artifact provides you with a photo of the object, as well as detailed information about its significance, and makes a great gift for loved ones. Once you’ve chosen an artifact to “adopt,” we invite you to visit the Museum to see your artifact on display.

School groups can also “adopt” an artifact and continue learning about its wonder back in the classroom. In addition to the standard benefits listed below, school groups will also receive a student activity worksheet for the class.

How to Adopt an Artifact

When you “adopt” an artifact at the Bollinger County Museum, your contribution entitles you or your gift recipient to the benefits listed under Levels of Adoption on other side of the enrollment form.

View artifacts for adoption on our Facebook page under the photos section then museum exhibits albums. You may also visit the museum to select your artifact to adopt on Adopt an Artifact Day or our regular days of operation.
